## Look for Corporate financing, investor **Event Management Company**

Established event management agency is looking for growth capital. We want to grow in Germany and abroad. We have exciting projects at hand that need to be managed and financed. These are major music projects in which international stars will be involved. Of the profit, 70% will be donated to a foundation that builds schools worldwide to provide local people with access to education. The projects are sustainably structured, all genres of music are used to constantly invest money for the good cause and the investors. This is a Social Impact Investment.
