Business for sale more than 15 years

ID 20379

Offer Corporate sales, firm sales, sales **Manufacturing plastic products**

For reasons of age, the company takeover is due to be taken over by a manufacturer of plastic products with decades of long experience and based in Baden-Württemberg. The core business is the production of packaging and technical blades. In addition, various additional services are provided.

With a long-standing fixed customer base, annual sales volume of more than €5 million is generated with a good return on investment.

Know how with many years of experience, a well-rehearsed team and a high-performance machine park have contributed to the company's recognized high level of expertise and awareness. The business property is family-owned.

The Managing Director of the Company is available to the acquirer for a smooth transition. For an entrepreneurially ambitious plastic specialist with appropriate own resources, this takeover offers the best start and expansion opportunities.
