Look for Corporate participation, firm participation **Trading**

The graphite trade and consulting company is looking for partners for investment capital for the import / export of ceramic materials.

Specifically, it involves the lucrative import and export of graphite electrodes used as secondary material in secondary metallurgy.

For these high-priced imports, a financing requirement to secure letters of credit is necessary. For this financing a suitable partner / participation is requested.

The terms of payment to the customers are:

Advance payment or letter of credit.

Participation

Region 57, Germany
