Business for sale more than 15 years

---

ID 20478

## Offer Corporate sales, firm sales, sales **Interior**

The company for sale is a room fitter with a upholstery facility. Curtains are made according to the customer's wishes in their own studio. The distribution of internal sun protection and insect protection takes place including measuring and assembly. In the upholstery, all types of seating furniture are upholstered and sourced. The modern business premises also offer decorative items, bags and luggage. The firm was founded in 1891 and is still family-owned. The company enjoys an excellent reputation in all areas of the company, which is based on the high quality and above-average customer service. In this way, the buyer takes over a company with grown structures, which is much easier than a new foundation. Also suitable for start-ups.
