Construction and furniture furniture painting

The company for sale is divided into a construction and furniture shop. According to state-of-the-art technology, windows and doors in wood, plastic and aluminium are sold and assembled in the construction shop. Special designs, heat protection glass, intrusial-inhibiting fittings and other wishes are taken into account. In furniture retailing, the existing machinery creatively makes any kind of furniture. The company has an in-house, modern and eco-friendly paint shop. Services also include interior fittings, such as ceilings, wall and heating cladding, parquet floors, etc. The customer wishes are brought into a detailed concept and implemented by the employees in a proper and professional manner. By connecting to other trades, a successful assembly can be offered from a single source. Micro orders and maintenance are carried out by customer service.
