Sun studio

Due to a move, I sell my sun studio in Lünen city center. It's a very good location-right in pedestrian zone. The studio has been around for the year since 1996, has its own customer base as well as the customers with ABO contracts. In November last year, 3 benches were renewed. I would ask those interested to contact me. The price is mentioned in the personal conversation. In addition, there is the website and Facebook page with 137 succession
