## **Mobile care services firm**

A mobile care service company is sold and has been on the market for a long time. The company has a permanent patient base that can be expanded even further. The company can be taken over immediately. The current GF can be continued to hire if desired or can also act as an external consultative radio ion. It can be viewed on the balance sheets at any time. The company is economically stable and can continue to be carried on for a long time in a profitable manner. When the takeover, a brokerage commission of 3% of the takeover price plus 19% falls. VAT. Details and further questions on request.
