Look for Joint Venture, venture by a partnership

Organic detergents

We are looking for a partner company for the successful introduction of our patented Bio-detergent for the areas of dishwasher, washing machine and hand wash in Europe. Other products are in the lead.

Easy to use, works in any washing machine or even by hand. X – Subject tested. In Asia, the company has already achieved great success, now it is to start in Europe as well. Self-tests in sports clothing many very positive.

Our partner should be knowledgeable in the field of Reinigungsmittel and bio-chemistry and already have industry experience. We can start in Europe with our own brand or take an existing brand.
