Offer Corporate sales, firm sales, sales

Biolades

We have to hand over a health food store in the Osnabrück country.

Our store has about 140 m² of retail space plus warehouse, office and room, so about 200 m² in total.

We carry all everyday goods (are also freshly delivered daily), have a nice selection of wines, cheeses, baked goods, fruit/vegetables and carry all the well-known nartusmetic brands.

Our cooling devices, as well as lighting, are new. The inventory can be taken over, of course, but is not a condition.

We want to change our careers, so we are looking for a successor partner in or even a family. You can expect good sales, nice and loyal customers as well as great employees.

Please sign up for a conversation or viewing appointment.
