Look for Corporate participation, firm participation

Production company, metal processing, consulting

Search active company participation in the Odenwald Circle, Neckar-Odenwald Circle or Rhein-Neckar Circle.

What is sought is a production company, supplier company or mechanical engineering company with its own product.

The participation is sought by a merchant (35 years) with solid professional experience and commercial understanding (management positions with employee responsibility) as well as hands-on mentality.

We are also happy to follow the company with a solid and practice-oriented approach.
