Cable confection

Cable confection

For reasons of age, the division of a small powerful cable confection with effective professional equipment inventory, manufacturing facilities and inventory is sold in the Assed Deal from the GmbH. Until now, cable confection has served as a product supplement to the existing online shop for mobile communications and navigation devices. The cable assembly is expandable, the existing potential has never been exploited, as only operated as a supplement to the online shop.

As a secondary occupation or build-up to vollexence.

Space demand is about 50-100sqm.

No strong noise pollution, can be carried out almost everywhere.
