Look for Corporate participation, firm participation

Heating and plumbing installation

Ladies and gentlemen, I have over 10 years of experience in the trade in heating and sanitary products. Now I want to change professionally and look for participation in a craft company in the heating and plumbing industry.

I am a state-certified business economist and would take over all the office and administrative work.

A second option would also be a succession arrangement with a master in operation or the possibility to make a master yourself in addition to participating in the company.
