Look for Corporate follow-up, firm follow-up, follow-up **Forwarding**

In the client order, we are looking for a forwarding company in which a company succession is due.

Our client is an experienced managing director in the industry who now wants to run his own business. In the past, as a responsible GF, he has initiated the growth of freight forwarders and created structures that have yielded lasting success.

We are looking for a freight forwarding company with a turnover > €5 million in the middle of Germany. For interesting offers, a company purchase in the DACH area is interesting.
