Offer Corporate participation, firm participation

Housing

We are looking for debt capital of €250,000 each for two of our projects. This can be incorporated into the projects either as a participation or as a pure loan with a return on interest. Hedging by 100% primary debt registration.

Further details on financial aspects will be passed on after the first contact.

Both projects are revitalizations of housing properties. In both cases, car subsidies are to be obtained, which makes the investment even more profitable and safer. Discussions have already been held at both sites with Mayor's Office and Urban Development.

Please contact only with full name, address and contact option.
