Business for sale more than 15 years

ID 20940

Look for Corporate sales, firm sales, sales

Plastics technology/Plastics Processing

We are a medium-sized Indian group of companies in the field of plastics technology in the Bergian country and are looking for small and medium-sized companies from the industry to integrate them into our group in order to expand our portfolio. The company should have more than 15 employees or an interesting product with unique selling points. The company remains independent, but the group's synergy effects are being used. If you are interested in, please get in touch. Discretion is promised.
