We are an organically grown Internet portal for the target group 50 plus, which is established in the market. In order to further expand our business units and further expand, we are looking for a co-shareholder to take over the management.

In addition to a stake in the company, we expect the assumption of corporate responsibility, the further strategic direction of the company as well as the development of long-term ideas for the further monetization of the portal. A stake of 200.00-300,000 euros is planned.

Further information can be done in a face-to-face interview.
