Look for Joint Venture, venture by a partnership

## **Asphalt Additional stooffe Manufacturers**

Plant set-up for the production of an asphalt additive I am looking for an investor for the production of an asphalt additive patented in Germany.

I have the know-how and have had experience for several years.

The final product belongs to the innovative material technology.

I hold an environment ministerial permit for the investment.

The investment amount is ready for key 6.000.000 euros and the plant has the capacity 9000 tonate year in 3 shift operation.

I bring a German patent and valuable know-how as a joint venture and the investor provides the investment capital for production development.

For a serious settlement, we will design the contracts through an RA law firm and reduce them to scroll.

I would like to thank you for your serious questions.

[Joint Venture](#)

Region 34, Turkey

Entry in own name
