Offer Corporate participation, firm participation **Holiday house rental**

I offer a financial stake in a holiday home project in Italy.
(Our Top Domain reads through an interface of more than 50,000 holiday homes in Italy and makes them bookable for an interested audience. For reservations made, we receive an attractive commission of 7% and have nothing to do with ticketing and debt collection.

To build this website, we are looking for €30,000 in capital.

With this investment, you are a 50% permanent shareholder in the holiday portal.

After the planning and investment phase has been completed, the portal will be set up within 2-3 months with a team of experienced SEO experts, copywriters, layouters and database specialists.

We have already projected comparable portals with great success.
We are happy to send references if you are interested.

Together with you, we would like to build this promising portal and make it the first address for Italian holiday homes on the net.
