## High -Tech Alarm System

High-tech alarm system, which was very well launched in the German-speaking regions, is looking for license partners for Europe (outside the DACH region), North America and Asia.

USP:

- panic alarm
- night mode
- fast assembly
- easy handling
- Several floors can be secured
- up to 800sqm

Completely finished technology and marketing concept can be taken over immediately.

Ask for the options in your country for a country license.
