Assembly of standardized prefabricated part

Hello,

I offer here a handicraft service enterprise with the specialist area of the kitchen assembly and structure of standardized finished parts, with the seat in Baden-Wuerttemberg. The company exists now for more than 5 years and works continuously with increasing stable numbers and orders. The clientele includes private households with the desire of furniture assembly from the beginning to completion.

If you are interested, you will receive further information and detailed information.

Please only serious enquiries nationwide Europe-wide

Yours sincerely
