Online shop for furniture

A company shareholding is offered for an e-commerce company in the furniture sector. The result of a test project () for a furniture customer has developed into a viable online shop for upholstered furniture. For further expansion, we are looking for an active or, if necessary, stille/n Investor/in. With industry experience in the furniture industry. The online shop has a USP that we want to expand further. For this development step, we need about 75-100 TEUR of capital, gladly as equity capital. We also bring furniture experience, know-how from the fields of advertising and shop management, in return we expect business knowledge. Suppliers from the medium-sized furniture industry (Germany) are available. The amount of the shareholding and the terms are negotiable.
