Search for a stake of €300,000 The company has been in existence since and has an annual profit of approximately €45,000 to trigger vehicles, acquire new vehicles, reduce debt (with interest I like to declare it), as well as create liquidity and to create a limited liability for reasons, search I a breastfeeding part-owner.

You will receive company shares for the €300,000. The contract would run for 8 years, but a buyback of the shares would be possible at any time. Share height is negotiable. You will receive the percentage of the share paid out annually from the annual profit.
