Look for Corporate participation, firm participation

Internet marketplace

Portal

There is a little-noticed target group on the German-speaking Internet. These are students. It is intended to build a portal where students can buy services and products at a special rate and also bundle service information for them.

What entrepreneurial spirit does you want to start a company with me? I am an absolute team player and am looking for a like-minded person. What is important is that you can understand each other and trust each other. The company is to be founded in .
