Offer Corporate sales, firm sales, sales **Wellness center**

We offer a versatile wellness facility in the center of with a permanent tenancy. On a surface of over 900 square meters, several wellness services are offered. Currently almost 100 square meters are sublet to retailers.

The complex is characterized by three saunas, an outdoor area, a bistro and several massage rooms. The highlight of the course are the marble-clad treatment rooms, with large heated stones for oriental foam washing.

The facility itself was once again extensively renovated a year ago.

An expert manager is under contract with a long-term employment contract. Provided that the general conditions of the attitude do not change, an assumption should be possible therefore also without industry specific knowledge.

Since , the facility has been operating under the same branding at the location.

The operating costs and revenues, as well as concepts for further possible business prospects can be exchanged on request.
