Offer Corporate sales, firm sales, sales

Temporary work/human resources service

There is a temporary employment agency on offer for a reorientation. This has been owned by an indefinite AÜE since the early 1970s. The company has had no employees and customers since then. It is free of charge and has an extensive corporate tax and commercial loss presentation, which could potentially be adopted. This is also the way the price is based. Exact details can be discussed by phone.
