Look for Corporate participation, firm participation

Electrical engineering

Hello, we are an engineering firm based in Germany and with an electrical company in Poland. We work in the areas of software – programming, automation and electrical engineering.

In the field of electrical engineering-electric assembly

We have 15 employees including construction management. In this area, we would like to expand, and we are looking for a partner with whom we can tackle various projects together.

If you are interested, I would ask for a message
