Look for Corporate follow-up, firm follow-up, follow-up **Plastics technology/adhesives/painting and similar**

As a diploma. With many years of management experience (including work management), I can no longer gain the small design possibilities and political games in larger companies. I would therefore like to bring about a win-win situation through a successful corporate succession.

Framework data:

Finance:

â€ GuV positive

â€ Economics given to individual products (DB)

Industry:

Automotive, medical technology, chemical technology, packaging technology, electronics

Product/processes:

Plastics technology (injection moulding, PUR, etc.), adhesive tapes, adhesives, labels, cables, seals, (painting), (galvanics)

Property:

Rented or purchased â€ no preference; Good maintenance status

Inventory (machines, office equipment):

Occupational safety iO, no investment backlog, good maintenance status

Succession

Region 91, Germany

Entry in own name
