Installation, restoration and trade of high-quality parquet floors

We represent an established company in the field of laying and trading of high-quality parquet floors. The portfolio of parquet includes the planning and design of sophisticated parquet floors as well as the restoration of historic parquet floors. The company also sells high-quality sheet, panel, mosaic and prefabricated parquets and accessories. Parquet has been realigned in recent years and will be profitable again from . In , sales amounted to just under € 1.9 million.

The added value in the area of installation consists in the complete order planning and implementation (e.g. preparation, laying, grinding, sealing, gluing) of parquet floors as well as the restoration of historical and listed parquet floors. The capacities of the 6 employees in the relocation are b.a.w. fully utilized.
