Offer Commercial rental and leasing **Café Bar Shisha Beer Garden**

Very nice café bar with great beer garden for rent.

This is a wonderful project.

A meeting place for young and old. There is a very colorful customer base, which can be taken over with.

Just the right time for a takeover - the big summer business is just getting started.

A refreshing beer, along with a freshly grilled bratwurst - delicious - there is no such beautiful beer garden in the vicinity - absolute unique selling status.

A freshly baked cake, an aromatic ally-scented cappuccino - young and old feel at home in the afternoons in a chatty round.

Perhaps you also have a very different idea, a very special concept for this beautiful furnishing?

There are about 15 seats in the lounge, and about 35 people can be seated in the bar and café area.

If you are interested, please let me know.

We are giving up business for private reasons.

The replacement is negotiable.
