Look for Corporate financing, investor **Gourmet Shop**

We offer a financial stake in a lucrative website for foodies. The new gourmet shop will be built under THE generic top domain.

The offer ranges from tempting sweets from the finest chocolates to delicious pastries and savoury snacks to the exquisite truffle oil with which the chefs of the star restaurants refine their culinary creations. We offer countless items from the field of delicatessen such as wines, pasta, cheese, pastries, antipasti, sauces, pesto, oils, chocolate, whisky, liqueurs and much more.

All orders go directly to the relevant dealers and are processed by them. That debt collection and the storage of goods is therefore not with us. For this reason, we can offer countless high-quality products. All top brands in the area of delicatessen are represented in the new gourmet shop.

To build this website, you invest a one-time capital of 25,000â,-.
