Steel apparatus and mechanical engineering

We are a steel processing company with 12 MA. The operation will be in 4. generation and has a wide range of modern CNC sheet metal processing machines as well as CNC machining centers and CNC drilling rigs. Modern CAD/CAM system available. The production spectrum is wide- designed. Welding parts up to max. 5t with various approvals. Until now, only the customer has been manufactured or in the area of wage processing. The operation is certified according to DIN -ISO 9001.

An initial stake with a subsequent takeover would be possible, as would an immediate complete takeover. A prospective buyer with his own product idea would be desired.
