## Look for Corporate sales, firm sales, sales **IT Companies**

we are a small IT system house on the Lower Rhine and serve complete networks of small and medium-sized enterprises.

In order to increase our market presence and to share synergies, we prefer to look for smaller companies to take over or succeed.

Our customers come mainly from the commercial sector. This should also be the case in the company to be acquired.

The preferred regions for a company purchase or a succession would be the central to western Ruhr area as well as the left/right Lower Rhine.

All further details can be clarified in a personal conversation.

We look forward to hearing from you and will remain.
