## Look for Corporate sales, firm sales, sales **Kartbahn**

Together, I have been looking for an existing karting track for quite some time. The situation is not of great importance at first. Nevertheless, it would be important in the Federal Republic. I would be completely open to offers, whether takeover, purchase or lease. With or without inventory. Equity available.

I would like to offer everything indoors as well as outdoors.

I look forward to getting in touch and numerous offers.
