Offer Corporate sales, firm sales, sales **IT OnlineShop**

I offer an IT online shop for sale, with a loyal customer base and current website. So far I have run the shop in the secondary trade, this can also be continued. Since the beginning of this year, we have shut down the shop with marketing and presence on online portals, as we are in the meantime strongly in the repair segment and no longer have time to continue the shop properly.

It is a current shopware system with all connections, to Paypal, ebay, amazon, price comparisons. Item import automatically runs several times a day. At the wedding we had listed 50,000 products. Expandable up to 100,000 products. The buyer is free to choose this. Mainly self-configured computers are ordered by our customers, which we then assemble ourselves.

You can do this directly in our webshop.

Various payment options, prepayment, cash on delivery, credit card, paypal, paydirekt, giro pay.

Sales : approx. 225.
