Offer partnership/follow-up advertising agency

This is an opportunity to become a partner in a small but extremely professional full-service agency in .

This is perfect for a conceptually thinking artist/graphic designer (m/f/d) who wants to become self-employed and wants to attract new customers together with a competent consultant. For this, a profound, creative brand thinking is important and of course a friendly, inspiring and trusting cooperation.

I am a consultant with many years of experience in marketing and various international network agencies. Large brands as well as small medium-sized companies and exciting start-ups are part of the customer base of the agency, which has been on the market for 15 years. I still want to work for about 5 years with 150% commitment, but decreasing time commitment.
