A successor is being sought for a horticultural company in the greater area that has been in existence for twelve years with good equipment, impeccable reputation and a very attractive customer base. The company currently works in conjunction with a reliable subcontractor with two teams of two employees. Sales in recent years have ranged from kEUR 400 to 420. The current hall with approx. 150m² can still be used if required. Services include paving, natural stone work, redesigns, fence construction, wooden/stone/granite/ceramic terraces, basement insulation, earthworks, rainwater and pond construction. Accompaniment during the transition period is easily conceivable.
