

The big business marketplace

Business for sale more than 15 years

ID 21602

Offer Corporate sales, firm sales, sales

Cosmetic Institute

Due to health reasons of a heavy heart, we would like to hand over the business (franchise branch) to a dedicated successor at the earliest possible time.

Existing contracts and a solid customer base guarantee fixed revenues for the next 12 months.

Area protection and about 350,000 inhabitants from and the surrounding area offer security and solid prospects for the future.

Intensive training and induction at the franchisor's headquarters provides all the necessary knowledge, so that this field of activity is suitable even for non-industry newcomers.

With 15 years of experience and a turnover of EUR 33 million (), the franchisor is always a competent contact for all questions about the management. In addition, the current head of the institute offers her active support in the start-up phase.

Fully equipped operation.
