Are you looking for a new challenge and play with the idea of becoming self-employed?

For personal reasons, after almost 20 years, I am now selling my established and well-run salon in the south of Nuremberg (Weiherhaus).

At the end of , the salon was completely updated and equipped with a new lighting system and, of course, air conditioning.

The operating area is approx. 100 sqm. The salon also has an outdoor terrace. The hair salon is equipped with 3 ladies' seats and a separate barber shop, which includes 2 men's courts.

There is also a fully equipped beauty studio in the salon, which was also rebuilt at the end of .

The common room has a large kitchen including fridge, microwave oven, dishwasher and washing machine and dryer. Everything up to date.

Even the toilet is an absolute eye-catcher.
