After 40 years of management, we are finally over, which is why we are looking for THE successor, sales professional. Attention - here be sure to note: As long as hair grows you have a safe income for a very good getaway - therefore, hair grow always, but the hairdressing market changes. There are more and more holdings (since the year 2000 an increase of more than 20% in total) and they are getting smaller and smaller. This means that more and more hairdressers are looking for their happiness in self-employment and more and more often alone.

Industry - WELLA; L'REAL; BLACK HEAD; GOLDWELL, etc., has long since responded by using its own field

continuously reduced. Wholesale trade as a full-time
menter is growing and growing and reaching more than 30% of the market
Share.
