Offer Corporate sales, firm sales, sales

Plastic injection moulding, cable assembly, tool making

On behalf of our clients, we are aiming to sell his company, which manufactures plastic injection moulded parts, cables and wire harnesses. It also has a toolmaking department, through which it acts quickly and flexibly and a special customer proximity can be established. The company also has its own product in development, which can be marketed very interestingly in the areas of smart home or entertainment.

The purchase parameters are:

Plastic injection moulding / cable assembly / tool making
