Dental Technology Dental Laboratory

Established dental laboratory on the west coast of Schleswig-Holstein is awaiting takeover. It is a laboratory equipped for all techniques and in which one can feel comfortable.

Dental laboratory - equipped for all techniques - with at the end of the day 8 employees is looking for successors for reasons of age.

Good expansion possibilities, loyal customer base, best connections. Ideal for masters and technicians who finally want to stand on their own feet or are suitable as a branch company for an expanding laboratory. Motorway connection A23 (50 min. travel time to Hamburg)

Succession

Region 25, Germany

Entry in own name
