## Offer Corporate sales, firm sales, sales **Taxi/car rental**

Due to impending retirement, we offer our taxi/car rental company for sale.

Our company is interesting for you if you want to become self-employed in the personal transport sector.

But it's also interesting if you want to expand your existing company to increase your sales.

Our company operates in the district of Munich East and mainly serves Munich Airport. Our customer base is broad and generates high sales even on low-sales days, e.g. on weekends in the summer months.

The company is offered for sale in its entirety, including all regular customers (private, corporate services, ambulance rides).

At the desired price, 2 current loans would have to be taken out for our vehicles.

1 Mercedes Vito Tourer 9 seater admitted as taxi incl.
