Architectural office for sale - Office seeks successor with takeover of business in the district of Dachau between and

Our small, modern and renowned architectural firm is now looking for a successor. The office was taken over 10 years ago by the current owner and has a total history of 40 years in the district of Dachau. We are known regionally and work mainly for our regular customers in the district of Dachau. Our focus is on housing, the construction of single- and multi-family houses and commercial construction. Furthermore, we have been offering services in energy consulting for years and have earned a good reputation here. They take over a fully equipped architectural office (this one for rent) with two workstations (Allplan) as well as other specialized software and technical equipment. The office is located in a good representative location in the centre of the village.
