Offer Corporate follow-up, firm follow-up, follow-up

## **Fitness**

It's time to retire professionally. That's why I am looking for a successor for an owner-managed cosmetics / wellness and HYPOXI studio , which has been on site since . The studio is located in Cologne Weiden. It is a commercial space with a large shop window front, which offers a very good advertising space. The studio impresses with its high-quality equipment, perfect connections to public transport, motorway and a very well-kept ambience. Customer parking in front of the studio. The property was renovated in spring .

On 125sqm of studio space you will find all 4 HYPOXI devices that have been serviced annually and are in top condition. There is territorial protection on the hypoXI side, so that there is no direct competition.

There is a reception, training area, changing rooms, customer lockers, 2 separate toilets, 1 shower and a storage room (washing machine incl. dryer).

### Succession

Region 50, Germany

Entry in own name
