## **Metalworking**

We are looking for an experienced metalworker or an ambitious young specialist to take over the business in a timely manner.

The solid traditional craft business has existed since 1979 and is managed by the second generation. The company is currently suitable for 2-3 jobs, enables immediate profit generation without a long build-up phase and can be expanded at any time.

All furnishings, tools, transporters with tools, two trailers and the large, long-standing customer base (consisting of private individuals, property developers, large companies and the public sector) are sold. The premises are rented.

What is done here:

Individual pieces designed and manufactured according to customer requirements such as banisters and handrails, balcony railings, window grilles, garden gates and fences, terrace and door roofs, balconies, carports, grave crosses.

Repairs (e.g. doors, locks, upper door closers) and key emergency service.
