Gambling Hall / Slotmachines

We install on behalf of our clients or in partnership with our clients gambling halls or install single fruit machines in Restaurants, Shopping Malls etc.

Like this we bundle the investment potential of smaller investors and open for them the access to the very lucrative gambling/slot machine market.

Complete control for the investor through permanent online surveillance of the machines and their respective accounts. Like that you always know how much Your machine has earned.

As this is a full service business, there is no need for the investor to actively take care of the business.

The net revenue for the investor (all taxes already paid) is EUR 1.000 - EUR 3.000,- per machine.

Investment per machine EUR 2.000,- or EUR 20.000,- for a gambling hall with ten machines.
