Look for Corporate sales, firm sales, sales **Bicycle shop Bicycle trade**

Kaufmann (approx. 40j) with in-depth experience in setting up, expanding and managing the company, most recently as managing director in the international group environment (trade), is looking for a bicycle business.

In the future, I would like to become operationally committed to this and to my own company. This is either in the context of a succession or, alternatively, through participation for the purpose of joint further development. I am convinced of the opportunities in the bicycle business for the local retail sector and bring a lot of passion besides equity and time.

My core technical competences lie in

- * Management
- * Assortment Management & Purchasing
- * Sales and product presentation
- * Offline and online marketing

The workshop area should therefore be or can be professionally covered by employees or the partner. I am "only" a passionate road cyclist, but I still have technical understanding.
