Description of the company

The furniture forwarder for sale has been family-run for many generations and is a traditional company in the Rhine-Main region. As an established brand of furniture logistics, it is known for national and international furniture transport, storage, kitchen montages as well as business parades and trade fair logistics. The company premises, which are ideally connected in terms of infrastructure and is around 3,500 sqm in size, will house more than 2,500 square metres of fully air-conditioned, alarm-secured storage space, an office building, its own workshop and a petrol station for the in-house fleet.

Market and competition

The ever-increasing volume of freight traffic and the metropolitan areas of the region open up opportunities in the logistics sector. On the other hand, however, there is the growing cost pressure and the industry's price war.
