Metalworking Metal manufacturing

As a small investor, I am looking for business partners for metal production

Business partners wanted metal production

Search business partners who can sell one or more metal products and have a market for it.

My search is aimed at making the metal products together under my own direction.

Contract manufacturing with safe orders are also interesting clamping technology, weldments, locksmith work,

If necessary and serious projects, I am ready as an investor to provide and buy suitable machines & equipment.

Buying into a smaller & vital running company and actively participating is also conceivable.

Other industries are also conceivable (plastic, wood, ...).

Dealers are also called upon here to have problems with your suppliers, possibility to influence the quality itself, as well as to reduce costs.

Startup's and founders with good business ideas are also welcome.
