Retail trade for porcelain, decoration, delicatessen

Specialist shop for porcelain, gifts and delicatessen in the centre of not far from Nuremberg. My team and I equip hotels and restaurants, offices as well as cafes and canteens with porcelain, cutlery, glasses and presents.

The combination of porcelain and delicatessen creates individual gift ideas for every occasion. Whether a large salad bowl filled with pasta, spices and various balsamic seals for a wedding, or casing tins with a bottle of wine to enter, or small souvenirs for a birthday invitation. With small sayingpendants, we add a very personal touch to the gifts.
